

Dear Pirates,

This is my report of my tenure as a member of the Board PPI for 2014 - 2015.

My contribution to the Board depended on my free time. Although, while I served my duty crisis was deepened in my country, I did my best to be active and present by attending most of the ordinary and extra ordinary meetings of the Board.

As a member of the organizing team, I was present in the "2nd Think Twice Conference" which was held in Istanbul, Turkey, August 30/31, 2014.

I chaired the 1st online General Assembly of PPI which was held in the platform of Mumble, March 29, 2015.

I always support the option to try and fail than of not trying at all and take my risks in a responsible way.

Generally, as the outgoing Board of PPI, I think that we did our best, always serving the statutes, we worked for the good of PPI and the pirate movement, took our risks but we didn't quit or fall back.

We worked together, had good and bad times but above all we are all volunteers and pirates; we try, we experiment, we win or lose.

I don't feel happy with the departing of 4 member parties. I made a lot of thinking about the situation. I would like to see those members to come back and reform PPI.

In my opinion the pirate movement firstly has to be developed locally and then globally. So we have to focus in the local rather than the global. The case of Pirate Party of Iceland (PPIS) is a very characteristic example.

We must focus all global pirate power in Iceland, to retain the popularity of PPIS in polls until the elections in 2017 and elect the first Pirate government ever! I'm strongly willing to do my best for this purpose.

Dear Pirates, it was a great honour and pleasure for me to get to know better pirates from around the globe.

I would like to thank all the members and alternative members of the Board and all the members of PPI for the co-operation.

For me it was a great and unforgettable experience that made me a richer and better personality.

Best Regards,
Stathis Leivaditis
